Dear Secretary Dortch:

Pursuant to Section 1.1206(b) of the Commission's Rules, 47 C.F.R. § 1.1206(b), the Federal Bureau of Investigation ("FBI") hereby submits notice of an *ex parte* meeting on August 1, 2005, requested by Commission staff.

The FBI representatives who attended the meeting were Unit Chief Eric Mason and SSA Gregory Milonovich of the FBI CALEA Implementation Unit ("CIU"). Also participating in the meeting on behalf of CIU were consultants Kenneth Coon and Henry Hodor. The Commission staff members who attended the meeting were Julius Knapp, Geraldine Matise, Jerome Stanshine, Walter Johnston, Rodney Small, and Jeffrey Goldthorp of the Office of Engineering and Technology; and Cathy Zima and Michael Goldstein of the Wireline Competition Bureau.

At the meeting, CIU discussed its participation in the work of various national and international standards-setting organizations. This included an overview of the completed and pending CALEA intercept specifications/standards for voice over internet protocol and data access services, and the potential impact of these completed specifications/standards on law enforcement surveillance capabilities. CIU also discussed its approach to specifications/standards and their development -- *i.e.*, to work with industry to ensure surveillance capabilities are maintained as networks evolve.

Respectfully submitted,

THE FEDERAL BUREAU OF INVESTIGATION

/s/ Eric Mason
